5. Camp.

Our Learning Programme

1. Overview of Subjects & Topics
2. Weekly timetable - *refer website*
3. Will there be extension classes? **Yes**
4. Will there be a textbook? **Yes (Maths)**
5. Getting kids involved - how?

Parent questions about our learning programme.

1. Are we going to continue to "stream" maths classes? How will maths be taught this year?
2. How can we assess what level of mathematics our child is at?

Parent questions about our learning programme.

3. Is learning purely divided by ability or is there also age-based schoolwork, so the younger children don't get lost in amongst the crowd?

4. PEEL, SUMP, TAKO, PETAL?

Parent questions about our learning programme.

5. Other local primary schools take part in a tech programme that takes place at either Glendowie or Selwyn College. Although CPS have their own tech program, are our children missing out from this experience?

Parent questions about our learning programme.

6. How often will we receive updates on progress of our children and their development?
7. How do you cater for the students in Year 8 to make sure they don't just have a "repeat year"
8. Can we access results from tests they have done in class?

Learning Spaces

Parent questions about daily routines in our learning space(s)?

1. What are the homework expectations? Will this all be available to view on the Intermediate Syndicate website?
2. What percentage of each day are the children with just their home room teacher, as opposed to being part of the combined open space?

Parent questions about daily routines in our learning space(s)?

3. How the rotation system and open class room system works / benefits?
4. How best can we support our child in their learning at home?

Parent questions about daily routines in our learning space(s)?

5. How much freedom is there within the 3 classrooms? Will our children have the experience of working with all the intermediate teachers/pupils or are they predominantly in their own classes?
